The City implemented a self-insurance program for Workers Compensation benefits on September 7, 1975 as authorized by Council Resolution No. 10581. This program provides for State mandated insurance benefits (salary and medical costs) for employees who are injured on the job.

Financially, this fund is composed of resources for current operating expenditures, future costs of previously incurred injury claims and reserves for catastrophic losses. This fund also provides for the administration of safety and loss prevention programs throughout the City to reduce the probability of incurring future catastrophic claims against the City.
